

First PHEMAP Course Coordinators' Workshop

Workshop
Coordinators,
Course
National PHEMAP

Amari Boulevard
Bangkok
November 2007

adpc

INTENDED OUTCOMES OF THE WORKSHOP

By the end of the workshop, participants should be able to produce a plan for the the development, organization and conduct of a national PHEMAP course:

- Based on the framework of core modules provided by the Regional PHEMAP curriculum
- Adapting this framework to their national context
- Based on the needs specific to their national context
- Guided by the principles of adult learning
- Administered effectively and efficiently

Selection Criteria for the Workshop for National PHEMAP Course Coordinators

a] For countries currently conducting national PHEMAP programmes:

- National PHEMAP course coordinators
- Key PHEMAP facilitators at the national level (optional)

b] For countries not yet conducting national PHEMAP programmes:

- Representative from the Ministry of Health or an alternative institution which has been identified by the MoH and WHO and which is planning to run a national PHEMAP programme
- Individuals experienced in conducting adult training programmes, ideally in the field of health emergency management
- Individuals with practical experience in the field of health emergency management and the ability to share this experience in the context of a training programme

c] In addition

- WHO focal points for member state countries that are currently running a national PHEMAP programme or planning to run one in the near future
