

Assessment Form: VIET NAM

Filed in by: Yindee Lertcharoenchok, HAA, OCHA ROAP, 31 January 2011

	Criteria	Assessment
a)	Does humanitarian preparedness in your country/region over the next four months need to be increased, decreased or stay the same and why ? <i>(ie. the statement on preparedness must be supported by a summary of the potential threats and level of response mobilization required)</i>	<ul style="list-style-type: none"> • UNCT Viet Nam is keen to improve an understanding of international humanitarian response mechanism and has requested that its representatives be invited to attend training workshop/s, when organized in the region, on Clusters Approach and Coordination to emergency response and humanitarian financing such as CERF and Flash Appeal.
b)	Potential humanitarian consequences related to threats identified <i>(e.g. no. and type of affected populations, access-related issues, cross-border implications etc.)</i>	
c)	Potential triggers ¹	
d)	Date watch (where applicable e.g. elections etc.)	
e)	CAP (where applicable) and other funding related issues.	
f)	Level of Preparedness among IASC agencies	<ul style="list-style-type: none"> • Medium to high-level flood response preparedness. However, UNCT could easily be overwhelmed with large numbers of affected.
g)	Recommendations for Minimum Preparedness Actions	<ul style="list-style-type: none"> • Present UNRC will be leaving soon. Need to position OCHA with incoming UNRC.
h)	Current status of I-A contingency planning (Does an IA CP exist. If so, please attach the most recent version. How often is it updated/reviewed ?)	<ul style="list-style-type: none"> • An IACP is being considered. ROAP to follow up with UNCT.
i)	Recommendations for risk ranking of your country (i.e. maintain or change ranking in the IASC Early Warning - Early Action report for the previous quarter)	<ul style="list-style-type: none"> • White

¹ Definition of triggers: "immediate events or developments that exacerbate structural or proximate weaknesses (e.g. socio-economic; health and nutrition; environment/resource management; state and institutions; political-cultural/communal dimension; human rights; security; regional/international dimension) in a country or region and which have the potential to transform a high-risk situation into an active crisis, an existing emergency to further deteriorate or a former crisis to recur."
