

4500 schools potentially affected by the earthquake

The number of potentially affected schools by intensity of the earthquake

Map Sources: Central Bureau of Statistics, National Planning Commission Secretariat, Government of Nepal; and International Centre for Integrated Mountain Development (ICIMOD) (Baseline data collected in 2009.)

The ground shaking intensity was based on a preliminary analysis by the United States Geological Survey (USGS) and may not necessarily reflect actual intensity observed.

Map created on 30 April 2015.
