share their knowledge and ideas about the earthquake nonstructural vulnerabilities at household level. Group discussions, role plays, presentations and earthquake related videos sessions created interest of the imams in the training program.

All the participants showed commitment with learning a new subject and dissemination of knowledge and skills with public by using various forums and occasions.

Discipline, time punctuality and openness of the Imams have been observed as a model and a success story.

According to the plan and mutual agreement with CDMP, ADPC has trained one imam from each ward of each project city. The selection of Mosques and Imams were made with the consultation of Imams Training Academy and BDPC (ADPC local Partner).

The details of Imams, attended the training, attached Annex-1

Selection and finalization of Schools:

<p>ADPC with the help of BDPC consulted with Primary and Secondary Education Directorates for the close coordination and support in the selection of schools and cooperation of DEOs and headmasters during the interventions. In this respect ADPC met with DG, Primary and Mass Education and DG, Secondary and Higher Education. ADPC requested both directorates to have one focal person for the coordination and assistance to ADPC for the implementation of activities in the schools. With the kind cooperation Director, Planning and Development has been made as a focal person for further process and coordination.</p> <p>After the rigorous follow-up and meetings with both focal persons ADPC successfully received the approval in written for the interventions in the secondary schools and name of the schools for the assessment.</p> <p>For the approval from primary education directorate, ADPC is continuously in contact with focal person and it is expected that by 30th November 2008 we will get approval for the interventions in the primary schools.</p> <p>The list of Secondary Schools attached as annex-2</p>	

2. Deviations from plan

<i>Nature and extent of deviation</i>	<i>Reasons for deviation</i>	<i>Mitigation measure</i>
No deviations from the approved action plan has been reported during the reporting period	N/A	N/A

3. Activities to be undertaken during next month

- Meeting with CDMP for the finalization of list of participants for the teachers training
- Schools vulnerability assessment in Dhaka, Sylhet and Chittagong completed
- Trainings for school teachers started
- Selection of masons with consultation of line departments completed

4. Challenges encountered

<i>Nature of challenge</i>	<i>How challenge met</i>
Education Department fears and lengthy process for getting approval for the selection of schools and other interventions	<ul style="list-style-type: none"> • Detailed presentations and discussions were helped to get clear idea about the project interventions. • Close coordination and follow-up with education department

5. Lessons learnt/ Additional comments

- Follow-up with Imams and future coordination with IFB may open new dimensions for the public awareness and mobilization.
- Imam Training Academy, IFB can be a used as umbrella government organization in future interventions because of it has very strong network with religious leaders, institutional and organizational capacities.
- School Management Committees (SMCs) can play vital role in the school safety and evacuation interventions. Possibilities and opportunities can be explored during future interventions.
